## Manage Crexendo® VIP™ Calls In Microsoft Teams

## Leverage Crexendo® VIP™ In Microsoft Teams

Crexendo® VIP™ includes over 300 integrations — including Microsoft Teams — which allows you to efficiently manage your business communications across platforms. Take advantage of VIP's seamless integration to use these advanced calling features directly in Teams:

- Place/Receive Calls
- Dialpad to enter additional digits
- Conference Calling
- Call Transfer: Supervised and Unsupervised
- Call Park
- Call Hold
- Call Mute
- Call Forwarding
- Speed Dial List with Presence
- Review of All Calls, Missed Calls and Incoming Calls
- Call Block

Plus you can combine your VIP Integration with Teams with all of our other device options like desk phones, Android or iOS mobile client, browser-based web phone, attendant console, and take advantage of our 100% UPTIME Guarantee!
